The following is a summary of how the SAPTAC schools are using Perkins IV grant monies to enhance opportunities for students:

1. Increase the use of technology: purchase, lease, upgrade, and modernize equipment
2. Continue development and training in online learning
3. Update TechPrep agreements and courses of study
4. Provide release time and inservice opportunities for curriculum and professional development to strengthen the connection between Career and Technical education and basic education through integrating reading, writing, math, and science
5. Provide funding for career centers, robotics, non-traditional student recruitment and retention, culminating projects, leadership activities, and to expand opportunities for industry experience and training for special needs populations
